Pineloch Elementary School
3101 Woods Avenue
Orlando, FL 32805

Dr. Janice R. Choice, Principal
Ms. Bernadette Jaster, Assistant Principal

Pineloch Elementary School's *Weekly Service Index* jumped +22% despite an abbreviated school week to close Thursday afternoon at the 132.9 level. This means that as a group, the school's 16 short-range performance indicators averaged 132.9% of their goals...this is an excellent result.

OUTSTANDING EFFORT ON A FOUR-DAY STUDENT WEEK (Pct. of goal achieved by strategic category)

FOUR DAYS

Dr. Choice and her leadership team originally set out their weekly goals for a traditional five-day student week. When a short week like this one occurs, certain indicators had to have their "indexes" adjusted for an apples-to-apples comparison. This was done for this week by the computers. **After making these statistical adjustments, Pineloch's weekly indicators combined to post their best overall week of the 2007-08 school year** (132.9% overall; see bottom row of table).

One of the things that the school's business partners should be happy with is that despite a short school week, the staff and students still manage to markedly step up their efforts relative to plan. Put another way, Pineloch Elementary puts forth an even greater effort hour-for-hour despite having 20% less time in the classrooms to do so. Proof of this can be found by looking at the color codes of the indexes in the January 18th column of the table on the next page. They are all shaded in yellow or blue this week. This was a first for 2007-08 and this means that in 16 of 16 instances, all performed at +85% of goal or better. Very good.

Finally, a tip of the hat to the cafeteria staff. This was their 6th consecutive week of 100% attendance! This says something quite strong in terms of their personal commitment.

How to read the table: The indexes are read as percent-of-goal achieved whereby 100.0 equals exact-to-goal. Principal Choice established these weekly measures last summer as method for tracking progress against the school's strategic goals during the year. If any indicator has its index shaded in red, then it is performing at less than 85% of goal for that time period. Over time, Pineloch's five-day service indicators should be falling inside the 85.0 to 110.0 range (shaded in yellow).
