Ms. Bernadette Jaster, Assistant Principal

Pineloch Elementary School's *Weekly Service Index* closed out the school week at the 125.8 level on Friday vs. 125.8 in the prior week. This means that as a group, Dr. Choice's weekly performance indicators managed to reach 125.8% of their weekly goals.

FIVE DAYS

This week there was only one indicator that came in at less than 85% of goal – *the number of team meetings held*. The weekly goal currently stands at 10 on the week with 7 meetings reported this week. On a school year-to-date basis, the school is averaging 9 team meetings each week.

All six of the *Student Achievement* indicators managed to reach 100% of goal or better this reporting period. This includes *Accelerated Reader*, *Read Alouds* and *journal writing*. This compares with 5 of 6 *Student Achievement* indicators at 100% of goal in the prior week.

For the second consecutive week, there were 12 *Partner-in-Education* contacts made. This is 3X the weekly goal. Moreover, this brought the four-week average up to 18 PIE contacts per week over each of the most recent four school weeks. (Truly an excellent effort and this means a lot to each of the partners.)

Congrats to the para-professional staff. Two weeks of gains in their attendance rate...now back above 90%.

How to read the table: The indexes are read as percent-of-goal achieved whereby 100.0 equals exact-to-goal. Principal Choice established these weekly measures last summer as method for tracking progress against the school's strategic goals during the year. If any indicator has its index shaded in red, then it is performing at less than 85% of goal for that time period. Over time, Pineloch's five-day service indicators should be falling inside the 85.0 to 110.0 range (shaded in yellow).
