Ms. Bernadette Jaster, Assistant Principal

Pineloch Elementary School's *Weekly Service Index* closed out the school week at the 116.8 level on Friday vs. 117.6 in the prior week. This means that as a group, Dr. Choice's weekly performance indicators managed to reach 116.8% of their weekly goals.

FIVE DAYS & APRIL

This past week yielded just one of Pineloch weekly indicator that came in at less than 85% of its weekly goal – *emergency purchases by the custodial team*. The upside here is that this was only the 4th *emergency purchase* of SY 2007-08 and the 2nd time for 2008.

The center columns of the table on the next page reflect an average week during the month of April. Overall, the school's 16 performance indicators averaged 111.2% of their goals per week on a combined basis. Only two measures, the *percentage of 3rd graders taking and passing their Accelerated Reader tests* at the 80% level or better and the recent *emergency purchase*, achieved less than 85% of goal. Despite April's 3rd grade *Accelerated Reader* figure, Pineloch's six *Student Achievement indicators* averaged 109% of goal for the month. This compares with 95% on a school year-to-date basis which illustrates the strength of this month...excellent work.

Congrats to the cafeteria staff this week – four consecutive weeks with perfect 100% attendance.

How to read the table: The indexes are read as percent-of-goal achieved whereby 100.0 equals exact-to-goal. Principal Choice established these weekly measures last summer as method for tracking progress against the school's strategic goals during the year. If any indicator has its index shaded in red, then it is performing at less than 85% of goal for that time period. Over time, Pineloch's five-day service indicators should be falling inside the 85.0 to 110.0 range (shaded in yellow).
